La Leche League Can Help!

Breastfeeding is a simple and natural process, but you may need information and support about the correct positioning of the baby at the breast, working and breastfeeding, avoiding problems, or overcoming challenges.

At our monthly meetings, mothers and mothers-to-be share questions, concerns and the joys and benefits of breastfeeding. The Leader, an experienced nursing mother, is well prepared to answer your questions. **Babies are always welcome at LLL meetings.** There is a lending library with books on breastfeeding, childbirth and parenting. **The Womanly Art of Breastfeeding**, LLL's classic breastfeeding manual, is available for sale, and you have the opportunity of becoming a member of LLL for \$40/year. Membership benefits include a subscription to New Beginnings, a bi-monthly journal.

Phone Support and Assistance

For more information about meetings, or if you have questions about breastfeeding, please call your local LLL leaders listed here.
